HONORS COLLEGE SCHOLARLY PROJECT

We want you to find a project that interests you and aligns with your career and academic goals. Research shows that **87% of employers are more likely to consider a job candidate** if they have completed a senior project (AACU, 2015). Employers also believe that completing a research project demonstrates your **application of knowledge and provides relevant experience** (AACU, 2013).

This project can be one of the most meaningful experiences of your college career. Take a deep breath, ask questions, and make the most of this opportunity to **invest in yourself** and create new knowledge in a field you are passionate about. You can use this sheet and the Research Calculator at honors.purdue.edu/calculator to plan for your Scholarly Project.
